..COMFORT, SERVICE, SATISFACTION..

THESE GREAT essentials should be in every purchase you make. You, of course, do not like to buy shoes that hurt your feet, for a shoe that pains makes you tired, tires the brain and makes you weary. Service is something which we all want to get in everything we buy, but which is not always found in every shoe purchase. After one has worn a shoe that fitted and felt good from the start, did not hurt and that gave splendid wearing service, and held its shape, he or she will say, that shoe gave satisfaction. Another important point is the price. There is a store in Hickman where comfort, service and satisfaction in your shoe purchases can be had at a reasonable cost. That is because we are the only store in Hickman that can supply you with the well known "Star Brand" line of shoes made in St. Louis, Mo., by Roberts, Johnson & Rand Shoe Co.

"OUR FAMILY" shoes for men, women, boys and girls are members of the "Star Brand Family" and we have them in all sizes to fit everyone. These shoes are made of box calf, the leather that wears so well and looks so nice. These shoes are made in big specialty factories and nothing but the best of materials are used. They have a "Star" on the heel which guarantees them to be honestly constructed and full of satisfaction. They are serviceable, and cost no more than the ordinary kind.

TWO OF "OUR FAMILY STARS"

ARE YOU TIRED

wearing shoes for which you paid more than was really necessary, shoes that did not fit, that did not wear well and that did not please you? Most every person wants to save money. If you buy "OUR FAMILY" shoes you can. They wear longer and cost no more than the other kinds you have bought, and we will make it a point to fit you perfectly in these comfort giving shoes. Come and see "OUR FAMILY" shoes. We will treat you courteously and won't insist on your buying. When you see the shoes compare the prices and the shoes with others that you have bought and see if we are not giving you a "Square Deal" in every pair of "OUR FAMILY" shoes.

Men's "OUR FAMILY" shoes are \$3.00, Boys' \$2.50, Youth's \$2.25, while in the Women's line they are \$1.75, Misses' \$1.65, Children's, 8-12 to 11 1-2, \$1.40, Children's, 5 to 8, \$1.10.

If you don't believe that we can please you and save you money on your shoe purchases and show you that "STAR BRAND SHOES ARE BETTER" it will take but one call to convince you.

THANKSGIVING

For all the blessings of the fading year,
For all the joys its fleeting months have known,
For all its pleasures, to our memories dear
We yield thanksgiving at our Father's throne.
And e'en for all the sorrows we have borne,
For all corrections Thy chastening rod,
For all the griefs our mourning hearts have torn
We give Thee Thanks, O God.

For spring's fair promise, and its beauteous days,
For summer's glory, and its radiant glow,
For autumn's richness, and its silent praise,
For winter's beauty in its ice and snow;
For health, for plenty, for Thy mercies vast,
For loving guidance where our feet have trod,
For friends, for life, for mercy through the past—
We give Thee Thanks, O God.

Wedding Announced.

Announcement of the marriage of Governor M. R. Patterson and Miss Mary Russell Gardner has been made to take place Saturday, Dec. 7, at 2 o'clock, p. m. at the residence of the bride on Fifth street in Union City.

The wedding will be an important event in Union City, but it will be thoroughly democratic and unconventional in character.

There's No Use

talking you can't beat Heroin for the liver. The greatest regulator ever offered to suffering humanity. If you suffer from liver complaint, if you are bilious and full, if you are constipated, if you are suffering from indigestion, if you are suffering from all the ills due to a torpid liver. Try a bottle and you will see the difference. Sold by Cowgill's Drug Store, Inc., and Helm & Ellison.

Europe is a place where men go to demonstrate that they have money instead of sense.

Hung Jury.

The Jury was discharged last Thursday morning in the case of the Rev. Frank M. Hawley against W. Meadows the Fulton, Ky., hotel keeper for \$100,000 damages for alleged assault. The jury was unable to agree on a verdict, but the majority favored the plaintiff.

The Rev. Hawley was horsewhipped by Mr. Meadows, who charged violation of his wife's affections, and who is suing the minister for \$50,000 damages.

We give an iron-clad guarantee with every one of our Hunnell Ranges. None better. Have you seen it? Farmers Hardware Co.

Many a man thinks himself far-seeing, when in reality he is only far-sighted.

Lost—"Hickman Bridge."

A government official was in Hickman the first of the week looking for a place known as "Hickman Bridge" and recorded as such in the government records of the late war.

No one in this town seems to know of such a place—not even Mr. Buchanan or any of the other old veterans and citizens.

Government records say that a number of soldiers of the civil war were killed and buried at "Hickman Bridge, Ky.," and the official was here for the purpose of locating the place and having the graves marked according to act of Congress in 1900. But his search was fruitless.

It is possible that the unknown and unnumbered dead who sleep at Hickman Bridge shall be forgotten—even as the spot is lost in the memory of man—and only wild daisies lift their faces heavenward in mute appeal to keep sacred the forgotten spot where lie the unknown heroes.

This is tragedy.

Be Charitable

to your horse as well as to yourself. You need not suffer from pains of any sort—your horses need not suffer. Try a bottle of Ballard's Kine Liniment. It cures all pains. J. M. Hubert, Bakerfield, Mo. Write: "I have used your Liniment for two years and find it to be the best I have ever used for man or beast." Sold by Cowgill's Drug Store, Inc., and Helm & Ellison.

The infant daughter of J. T. Johnson and wife, living 12 miles below Hickman, was found dead in bed Sunday morning. Cause of death was unknown. Burial took place at Brown grave yard, Tuesday.

Trisal Catarrh treatments are being mailed out free, on request, by Dr. Shoop, Racine, Wis. These tests are proving to the people—without a penny's cost—the great value of this scientific prescription known to druggists everywhere as Dr. Shoop's Catarrh Remedy. Sold by all dealers.

Some people never find out until too late what a lot of fun they have been missing.

Need More Teachers.

Like many other things, some counties have a surplus of school teachers—but not so in Fulton county.

On two sides of Hickman are two school districts which have the little country school houses and a number of directors. The people of these communities pay school taxes and have children who need education—but the school house door is locked and no youngsters romp on the rural campus.

A lack of teachers in Fulton county is the cause. Miss Dora Smith, our faithful County Superintendent, has done her best to supply these districts, but has failed. The teachers are not to be had.

Of course, there is a reason for the scarcity of those who train the minds of "young America." The scant compensation of the district school teacher is anything but encouraging to those who might prepare themselves for this profession. In fact, they are very much underpaid, and until their wages are increased, we may expect a continued shortage.

Announcement that all of the hardwood timber will disappear in twenty years has no terror for the genial whittler, as that is not the kind of pine and cedar with which he flavors his gossip.

Our line of coffins and caskets is one that prepares us for all emergencies. Right treatment is our motto.—Farmers Hardware Co.

Luther Watson brought the largest load of corn to Hickman, Saturday, ever brought here in a single wagon. The load weighed out 75 bushels and 10 pounds. It required four mules to haul it.

A new cook stove or range will almost transform your home. It makes you feel prosperous and at peace with the fates. Let us show you the good kind.—Farmers Hardware Co's.

Oh, Lords and Masters of the Polls,
And lovers of tradition,
What means the solemn knell that tolls
Kentucky's changed position?
What say the spirits of the just,
Made good by discipline,
Into the dark and bloody dust
Of ancient institutions?
Shall good old Bourbon lose its taste,
Its vigor and complexion,
By this disastrous, dreadful waste
Of old-time perfection?
Shall horses that have led the vans,
Of races in all races,
Fall back among the aisles-runs,
Or stray for second places?
Shall Old Kentucky's women now,
The fairest of creation,
To other women's beauty bow,
And take a lower station?
Shall all her gallant gentlemen
By this thick gloom be shrouded—
Her statesmen seek the hermit's den,
Her Colonels be degraded?
Ah, Lords and Masters of the Polls,
By this shroud tradition
You've shut her glory full of holes,
And murdered her tradition.
Divided by your votes she falls,
With crash of falling thunder,
He, Lords and Masters of the Polls!
You'd better stand from under.

"King of Kough Kerm"—TARPINE—

A Deeply Rooted Trouble.

An Irishman, with one jaw very much swollen from a tooth that he wished to have pulled, entered the office of a certain dentist. When the suffering Celt was put into the chair and saw the gleaming forceps approaching his face, he positively refused to open his mouth. Being a man of resource, the dentist quietly instructed his assistant to push a pin into the patient's leg, so that when the Irishman opened his mouth to yell the dentist might get at the refractory molar. When all was over, the dentist smilingly asked: "It didn't hurt as you expected, did it?" "Well no," reluctantly admitted the patient. "But," he added, as he ran his hand over the place into which the assistant had inserted the pin, "little did I think them roots went that far down!"

Essential requirements of the Post-office Department in regard to the establishment of rural service are that roads to be traveled shall be in good conditions, unobstructed by gates and that on rural routes there shall be no unbridged or unfordable streams or creeks. These requirements have already resulted in the expenditure of thousands of dollars through the country in the road improvements and bridge building by communities desiring to avail themselves of the benefits to be derived from rural delivery. During the last winter and spring, however, indifference was shown in some sections in regard to the condition of the roads and it became necessary to suspend the delivery.

Mrs. B. F. Beckham.

The Courier made a brief mention
last week of the death of Mrs. B. F.
Beckham, who died at Colorado
Springs, Colo., on Nov. 20th.
Her last place at Union City Sat-
urday.

Mrs. Beckham was well known
to many of our readers, and as a
girl was known as Miss Annie
Tama, the youngest daughter of Mr.
and Mrs. Jessie Tama, who located
in the vicinity east and
southeast of the city many years ago.
Mr. Tama was a native of England,
and a more courtly or kind hearted
gentleman never lived. He was a
man of intelligence and learning.
The friendly and social spirit pre-
vailed with the mother and daughter,
and the home was noted for its
hospitality. In the midst of such
surroundings the daughters grew in
the graces of womanhood, fair and
gentle, kind and true. It was here
that Mrs. Beckham found a compan-
ion. They were married July 14,
1892, fifteen years ago and located
in Union City, until recently,
when the family moved to the coun-
try home east of town. Three chil-
dren were born to them—Harriet,
who was with her mother in Colo-
rado, Kate Watson and little Ben (B.
F.). Among the relatives are also
three sisters: Mrs. King, of
Ridgman, Mrs. Scates, Union City,
and Mrs. Lizzie Tama and mother, who
have been residing there for a few
years.

In her early youth Mrs. Beckham
became a worshiper at the Throne
of Grace and united with the Meth-
odist Church. She was happy in
her faith and attached to loved ones
with a devotion that is seldom wit-
nessed. Her home was a shrine and
in it the fulfillment of her joys and
pleasures—a sainted mother, truly a
pleasure to the loving husband and
children. Words feebly express the
glow which has shadowed the
household, the mother and the
sisters. The time is a sad one for
them.

Facts And Fiction

Forecasts for December.

December was the ninth month in
the old Roman calendar, and its
name is from decem (ten). When
Julius Caesar became Big Stick
of the empire, the month contained but
twenty-nine days. He added two
more—one more to make ready for
Christmas, and another to recover
from the Greeks. Hence the saying,
"Beware of the Greeks bearing
gifts." Santa Claus was invented
by the toy manufacturers of Neum-
burg, Germany, where the Teddy
Bears came from.

The motto for this month will be,
"Shut the door!" Mr. Roosevelt
and Mr. Bryan will be the leading
presidential candidates, and proba-
bly will continue the burning issue.
The liquor interests will build walls
around Peoria, Ill., St. Louis, Louis-
ville and Milwaukee, and their war
balloon will make daily observations
of the movements of Mrs. Nation.

The Anti Saloon League has con-
sented to let the Winter Solstice of
this year begin at 7 p. m. on the
22d; but there must be no drinking,
and every one must be in by Curfew.
The 21st will be the shortest day in
the year. This will be on Saturday,
and if you are at church next day
and stay for the sermon, you will
notice that the 22d, is much longer.

The moon will be full on the 19th,
and the signs of the zodiac for the
month will be Capricornus the Goat.
This will make better go up, and
send kids to Sunday school.

The old mill pond will freeze again.
And every one will skate.
The month's motto, modest strains.
Will children go with Kate
she'll slip in such a way that she
will see a brilliant star.
And he will surely dash to see
How long her stockings are.

The money scare will quite down-
happy circumstance—and money
frequent again the pockets of our
patrons. The new gold coins they're
making now without "In God We
Trust," will turn up in the hat at
church as prized as any dust. Hic-
scrip will be retired, and real dough
will look good, but the old subscrib-
er will insist on paying up with
wood.

On the 24, Speaker Cannon will
assemble at Washington, where he

HON. JOSEPH G. CANNON

will re-elect himself and resume the
enactment of law in the presence
of the Democratic minority and other
onlookers. The final edition of
the President's message will be read,
Wall street will be given another

MOSE BARKETT'S Hickman

THE A. S. OF E. COLUMN

—BY JAS. H. SAUNDERS—

We met a friend a few days ago
who wanted to know why the A. S.
of E. let the prices go down. In the
same way we might ask why the
prices of other things besides farm
products go down.

If merchants have bought goods
on time and are compelled to pay
for them, they must mark down the
prices or sell at auction, thus letting
the purchaser set the price. If any
one has bought machinery on time
and has to pay for it, he must do
the same thing. But if people quit
buying the manufacturer shuts down
his factory, the miller stops his mills
and the miner closes his mines until
the price will justify them to open up
and gain a fair price on their man-
ufactures, their meal and flour, and
on their ores.

Then can any one tell us why the
farmer has not the right to do the
same thing with his corn, wheat, to-
bacco and cotton? Farm products
are so bulky and so much labor so scarce
that farmers do not like to handle
them. In fact, they say they cannot
afford to rehandle them at the present
prices. Then why not build ware-
houses, corn-pens, elevators, etc. at
the local depot and send their goods
or produce until the price will jus-
tify them to sell?

If the price never justifies, stop
plowing until it does, just as the
miner stops mining, the miller stops
grinding and the manufacturer stops
manufacturing. If the farmer pro-
duces the same right to let the farm
products stay in the soil, that the miner
has to let the ore stay in the ground,
the manufacturer, to let his products
stay in the raw material or the miller
to let his flour stay in the wheat?

Why is it a crime for the farmer
to stop work when he does not get a
fair price when all other callings
and professions do the same thing?
No doubt some one will say that the
farmer can live at the present prices.
That he has lived on them and can
live still do so. In the same way we
could answer that the slaves lived on
what their owners allowed them, and
our forefathers could have lived and
paid the tax on stamps, teas, etc.

But was it right? Was it just?
Was it equity? If the United States
census shows that a dollar invested
in manufactures gives five times as
much as a dollar invested in agricul-
ture, is it not time for farmers to
make a change? If not, why not?

The farmer ought to be the freest,
most independent man on earth.
Nature has made him so, but through
his generosity, his timidity or some-
thing else he has made himself the
most dependent.

Printed By Request.

Mix the following by shaking well
in a bottle, and take in teaspoonful
doses three or four times a day:

Fruit Extract Dandelion, one-half
ounce; Compound Kargon, one
ounce; Compound Syrup Sarsaparilla,
three ounces. A local druggist
is the authority that these simple,
harmless ingredients can be obtained
at our home druggists.

The mixture is said to cleanse and
strengthen the clogged and inactive
Kidneys, overcoming Backache,
Bladder weakness and Urinary trouble
of all kinds, if taken before the
stage of Bright's disease.

Those who have tried this say it
positively overcomes pain in the
back, clears the urine of sediment
and regulates urination, especially
at night, curing even the worst forms
of bladder weakness.

Every man or woman here who
feels that the kidneys are not strong
or acting in a healthy manner should
mix this prescription at home and
give it a trial, as it is said to do
wonders for many persons.

scription, in October, of 1906, since
when all the leading newspapers of
New York, Boston, Philadelphia,
Pittsburg and other cities have made
many announcements of it to their
readers.

Never, positively never poison your lungs. If you cough—ever, take a simple cold—never, never, always treat, soothe, and ease the irritated bronchial tubes. Don't blindly suppress it with a cough medicine. Let it out. Let it out. Let it out. Finally come about. For twenty years Dr. Whoop has consistently warned people not to take cough medicine, or similar poison, and now—this is true though Congress says. Put it on the label. Very good! However for all your reason-mongers, and others, should insist on having Dr. Whoop's name and name in the medicine, also must be law on the label. And it is not only safe, but it is a remarkable cough remedy. Take no chance then, particularly with your children. Insist on getting Dr. Whoop's name on the label. Insist on getting Dr. Whoop's package with others and onto the difference. Beware of the side of demanding

good view of the river and on nice residence street. You can't afford to over-look this proposition if you want a home in Hickman, or if you have a little money to invest. If purchased before January 1, \$2,500 takes it. Get busy if you want a bargain.

Courier's Home Circle

"Better than suit is a pen-fil home. Where all the friends cluster come. The shrine of love, the haven of life. Hallowed by mother, or sister, or wife. However humble the home may be. Or tried by sorrow by heaven's decree. The blessings that are here brought or sold And center there, are better than gold."

THANKSGIVING REVERIES.

For many years, age, almost since first this country had a name, it has been the custom of the people to sit apart one day in the year, after harvest time, for thanksgiving and praise to the Great Ruler of the universe for His loving kindness and tender mercies. Who can live in beautiful America and not believe that there is a God, and that it is His pleasure to prosper the liberty-loving people of this great country? The evidences, strong, indisputable, convincing, are on every hand.

The greatest of feast days in America should be one of rejoicing and thanksgiving by all the people. This is the harvest time for the ingathering of thanks for the blessings of the year. Thanksgiving Day was first established in the United States by the Pilgrims at Plymouth, New England, replacing Christmas as the great family festival, and has been gradually adopted in other parts of the country. Congress recommended days of thanksgiving annually during the Revolution, and Washington, in 1789, after the adoption of the constitution. Other days national thanksgivings have been proclaimed, and since 1863 the last Thursday in November has been annually proclaimed by the president as a national Thanksgiving Day.

In this munificent land of ours, as void of famine, pestilence and disasters common to other lands, and where peace and plenty so universally abound, and civilization in its highest type so exalts humanity, we are truly doubly blessed and our autumns are golden in more ways than one, and as sowers and reapers, the children of men, particularly in the bounds of this latitude, can do no less in gratitude than adorn and reflect the sunshine so lavished upon them.

Freely we receive, then freely give, How as ye are blessed, Yield forth in the life you live The purest and the best.

This is the harvest time for thanks. True, there have been trials, calamities in some places, home destroyed, losses and sorrows, but taking the country over our blessings have been very many and far outnumbered the dark appalling things of life. In spite of true sympathy, of genuine benevolence, of a cordial spirit, of brotherly love and good fellowship, we can keep our thanksgiving in the spirit of the scriptural admonitions, "Be ye thankful."

It has come to be that we hear too much about feasting and too little about thanksgiving. The housewife whose menu reads:—

Oysters on the Half Shell, Tomatoes Soup, Creamed Potatoes, Chicken Pie, Baked Sweet Potatoes, Pickles, White Bread, Broiled Bread, Cranberry Sauce, Orange Tarts, Mince Pie, Pumpkin Pie, Cake, Fruit, Coffee.

Will likely have very little time for another reading:

Song of Praise, Prayer, Singing.

Let us be thankful that however difficult and full of temptation life may be, we are given wisdom that suffices for daily living. No part of man's nature is so strengthened by right choice as the conscience. It is the still, small voice that we must listen for, and the oftener we hear it and obey, the clearer and fuller is its tone. It is the delicate intuition that is dulled and finally destroyed by the doings of evil. Let us be thankful that most men are blest with the righteous desire to do good and to deal fairly by their neighbors.

TRAIN THEM.

Boys are not naturally selfish, and every mother who has not a willing, efficient helper in her boy, is herself, to blame, and must not only suffer the consequences of her mistake herself, but the future will have them to bear also. For your own sakes, mothers, and for the future wives of your boys, spare no pains to impress upon them the magnitude of woman's work. After they have been accustomed to helping in all the ways they can about the house, (and there are few things they will not be the better for having learned to do) they will not think housekeeping "just pottering around." Teach them that the woman who keeps her house in order and looks after the comforts of her family in every way, earns as much as the man who furnishes the money part of the partnership, and they will be ready to do as we heard a boy say not long since: "I'll share my wife half of all my income to do with as she likes," instead of asking what she had done with that last quarter he gave her, and talking as if he earned all the money and she and her children spent it, as one poor wife told us her husband did. Begin to train the husbands—yes, and the wives, too—in their childhood, and no one will ask, "Is marriage a failure?" in the next generation.

A tickling cough, from any cause, is quickly stopped by Dr. Shoop's Cough Cure. And it is so thoroughly harmless and safe, that Dr. Shoop tells mothers everywhere to give it without hesitation even to very young babies. The wholesome green leaves and tender stems of a lung-healing mountainous shrub, furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sore and sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Simply a resinous plant extract, that helps to heal aching lungs. The Spaniards call this shrub which the Doctor uses, "The Sacred Herb." Demand Dr. Shoop's. Take no other. Sold by all dealers.

There is seldom any good without some evil connected with it in one way or another. The two-cent-a-mile railroad rate has its drawbacks. A Kansas man has just opened his eyes to the fact that his kinkfolk visit him twice as often as they did when the three cent rate prevailed.

Fashion Notes.

Artificial flowers are used on evening gowns as garniture.

The effort is being made to bring back the old, round muff, and it is seen in many handsome furs.

The boned waist, following the curves of the figure, are becoming popular.

The over-blouse costume continues in favor. It is an important feature where an entire costume, yet not a full waist, of the skirt material is wanted.

Trimming is now lavishly used, and trimming on trimming is the order of the day.

Many capes for evening wear are made without a particle of trimming. They are circular shape with hood, and both cape and hood are lined with white satin.

The old, close-fitting Princess shape blouse dress is again shown, the simplest being the ordinary house-wrappers. The sleeves may be short, elbow length, or finished at the wrist with a perfectly plain wrist-edge, or a narrow, trimmed, turn-back cuff may be added.

The adjustable blouse is quite an economy, as, with one foundation, one may have many changes to suit the outer garment, by simply putting the flounces on and off by means of buttons and button holes.

Style of make seems to be of more importance than fineness of goods, and many garments of cheap material are made to look very handsome with braid and silk buttons.

Straight skirts are much worn by children, and the dresses may be made for or with a guimpe. The princess makes are popular for young girls, arranged at the shoulder and at the waist line by shirring; wide tucks ornament both waist and skirt. They are usually supported by a body-lining on which the yoke is laid.

Don't Wait.

Take Advantage of Kentucky Citizens' Experience. Heifer for the Year.

When the back begins to ache. Don't wait until backache becomes chronic.

Till serious kidney troubles develop. Till urinary troubles destroy night's rest.

Mrs. L. B. Taylor of 810 East Jefferson St., Louisville, Ky., says: "Several years ago I contracted a cold which settled in my kidneys. I suffered a great deal from pains across my back and joints and was also much annoyed by the too frequent action of the kidney secretions especially at night. I steadily grew worse, began to be annoyed by dizziness and a feeling of languor and depression. I procured Doan's Kidney Pills and felt relief from the first. I continued the treatment and was soon cured. I gave a statement to this effect in 1900 and am glad to confirm same at this time for the cure has proven to be a permanent one." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

There is No Reason

why your baby should be thin, and fretful during the night. Worms are the cause of this sickly condition. It is natural that a healthy baby should be fat and sleep well. If your baby does not retain the food, don't experiment with colic cures and other medicine, but try a bottle of White's Cream Syrup, and you will soon see your baby fat and contented as it should be.

Nothing is easier than fault finding. No talent; no self-denial, no brains, no characters are required to set up in the grumbling business. But those who are moved by a genuine desire to do good have little time for murmuring or complaint.
